

DD/A 80-2492/2

14 NOV 1980

MEMORANDUM FOR: DDA Planning Officers

FROM: Community Long-Range Planning Proposal - RMS

REFERENCE: Memo for Mbrs, CIA Long-Range Planning Gp  
fm SA/DDCI dtd 6 Nov 80, same subject  
(EXCOM 9136-80)

STATINTL 1. Attached is the first tangible evidence we have seen of a Resource Management Staff (RMS) initiative in the area of Community long-range planning. [REDACTED] cover note is self-explanatory as is, I think, my short note back to him.

2. I would urge you to share the RMS draft outline, tentative though it may be, with your Office Director and other key component managers because it provides a sense of where Community planners think they should be going. I would encourage any comments that you or others in your office would like to make or feel appropriate.

3. I am available to discuss this with you at your convenience.  
STATINTL
